Faith Mumbi Kimani

Resourceful and innovative Front-End Web Developer with 1+ years of experience, specializing in crafting dynamic, user-friendly websites and applications. Proficient in **HTML, CSS, JavaScript, Bootstrap**, and the **MERN stack**, with a strong ability to collaborate seamlessly with backend teams. Adept at identifying and solving complex coding challenges, delivering successful outcomes through clean, efficient code. Known for quickly adapting to new technologies and frameworks, ensuring cutting-edge and optimized web solutions that enhance user experience and business performance.

SKILLS

- **Web Development Languages:** HTML5, CSS3, JavaScript (ES6+), TypeScript
- **Frontend Frameworks & Libraries:** React.js, Redux, Bootstrap, Material UI
- **Full-Stack Development:** MERN Stack (MongoDB, Express, React, Node.js)
- **Responsive Design:** Media Queries, Flexbox, Grid
- **Version Control:** Git, GitHub, GitLab
- **Cross-Browser Compatibility:** Ensuring consistency across Chrome, Firefox, and Edge
- **API Integration:** RESTful APIs, GraphQL
- **UI/UX Design:** Wireframing, Prototyping, User-Centered Design
- **Testing & Debugging:** Chrome DevTools
- **Build Tools:** NPM, Yarn
- **Soft Skills:** Problem-solving, Communication, Team Collaboration

FREELANCE PROJECTS

1. **Hakilink** - <https://hakilink-website.netlify.app/>

A legal service connection platform

- **Stack:** React, Firebase
- **What was done:** Developed a responsive frontend using React, integrated Firebase for authentication and database management, and implemented features for connecting users with legal professionals.

2.

WORK EXPERIENCE

UCSF Global Research Programs, Nairobi — *DHIS2 Developer Intern*

Feb 2025 - present

- Assist in the development and customization of DHIS2-based health information systems.
- Collaborate with developers and data analysts to optimize system performance and ensure data accuracy.
- Implement front-end enhancements using JavaScript and React to improve user interaction and experience.
- Conduct troubleshooting and debugging to maintain system reliability and functionality.

Seelution Tech, Nairobi — *Front End Web Developer*

Apr 2024 - Jan 2025

- Ensured cross-browser compatibility through thorough testing on multiple devices and platforms
- Enhanced user experience by developing responsive web applications with HTML, CSS, and JavaScript
- Worked closely with UX/UI designers to translate complex designs into functional web pages without compromising aesthetics or usability.
- Resolved front-end bugs promptly, ensuring optimal website performance at all times.

IntSoft (K) Limited, Nairobi — Junior Machine Learning Engineer

August 2023 – October 2023

- Researched and implemented emerging technologies to enhance machine learning applications.
- Collaborated with cross-functional teams to optimize model performance and integrate AI-driven solutions into product development.
- Conducted in-depth analysis to identify key problem areas, developing innovative machine learning models to address technical challenges.

IntSoft (K) Limited, Nairobi — *Software Engineer and Customer Support Attaché*
June 2023 - Aug 2023

- Demonstrated strong problem-solving skills by troubleshooting complex technical issues during the development and testing phases of software projects
- Actively sought feedback from customers to identify areas for improvement within
- Integrated new technologies into existing systems, increasing capabilities and improving overall performance.
- Consistently met project deadlines by effectively managing time and prioritizing tasks according to importance.
- Analyzed proposed technical solutions based on customer requirements.

Africa Nazarene University, Nairobi — *Huawei Campus Ambassador*
Sep 2022 - Sep 2023

- Organized and led events promoting Huawei technologies, fostering engagement within the university community

- Facilitated connections between new students and current campus community members through mentorship programs and networking events.
- Collaborated with student and faculty teams to develop strategies for student outreach.
- Supported campus events to increase student engagement and promote campus-wide initiatives.

EDUCATION

Africa Nazarene University, Nairobi — *Bachelor of Science in Computer Science*
Jan 2020 - Apr 2024

- Degree Awarded with Second Class Lower Division
- 2.8 GPA

CERTIFICATION

DevOps Certification , Moringa School — *Completed course, awaiting certificate*

ACHIEVEMENTS

Huawei Campus Ambassador (2022-2023)
